

- ◁ "30 days" have passed and the permit is closed, Corp will not waive permit, but we can reopen in the future.

Viereck trail. Funds for signage. FS might have funds to contribute. Donations only about \$3,000...

Skiathon: signboards will be in place. Jason will come in on Friday night and make sure tracks are set in right spots.

Trail Maps: review by NCS before publishing...

Invasive Plant Task Force

- ◁ Task force assembled by graduate student. Facilitated groups of people across campus, meeting every Monday. Working on mission statement, what invasive species mean to (farm, LARS, etc.) Which plants they will attack first, etc. Don't know if they will do it by plant, or zone, or area of use. Botanical garden and farm different treatment than trails, FS takes care of flower beds, Farm & Bot. garden takes care of their area. Developing protocols for washing vehicles, etc.
- ◁ Action: grounds crew for areas FS manages. Farm for their area... Volunteer day to pluck plants, etc.
- ◁ Permit process, include checklist for bringing in invasive plants...
- ◁ Will be done in April.
- ◁ Open to public.

Stan's memo re: walking trail signs

- ◁ Subgroup formed to explore the issue
