Agenda approved

- o Skiathon went well, 64 participants thanks to Stan for organizing.
- o Trails have been in great shape, thanks to Jason and Quinn.

:

Stan Justice: would like to see a walking trail connection added in the area north of the Ballaine Lake wayside to the walking trail on range road. The problem in that area is that the correct access currently is the bike path along Farmers Loop Road, but many walkers use the ski trail to access range road.

1. Botanical Garden Amphitheater Access Plan – Janet Matheson,
Representative of the Georgeson Botanical Garden Society (a non-profit

- Opens the area up for not only accessible needs, but deliveries for special events, etc.

Motion (Dan Callahan, Seconded David Fee): The North Campus Subcommittee does support changing the usage of the commuter trail to a road for access to the garden. Passed 4-0.

Next Meeting Date:

- May 13, 2015
