The course is a personal

The course is a personal

\$ You are responsible for your own learning and academic success. You are responsible for your own learning and academic success. You are responsible for your own learning and academic success.

Special Needs: The Office of Disability Services implements the Americans with Disabilities Act (ADA), and insures that UAF students have equal access to the campus and course materials! We will work with the Office of Disabilities Services (800.541.2345) to provide reasonable accommodation to students with disabilities!

Plagiarism: Plagiarism and cheating are matters of serious concern for students and academic institutions! This is true in this class as well! The UAF (onor code (or [Student Code of Conduct](#)) defines academic standards expected at the University of Alaska Fairbanks which will be followed in this class! (Taken from the [UAF plagiarism web site](#), which has many links with good information about this topic)

Complaints and Concerns: You are always welcome to talk to me about anything, however, if you have a non-subject matter question or concern that cannot be resolved by me, contact the center for Student Rights and Responsibilities (<https://uaf.edu/srr/>)!

Student Protections and Services: Every qualified student is welcome in my classroom! As needed, I am happy to work with you, disability services, veterans services, rural student services, etc to find reasonable accommodations! Students at this university are protected against sexual harassment and discrimination (Title IX), and minors have additional protections! As required, if you notice or am informed of certain types of misconduct, then you are required to report it to the appropriate authorities! For more information on your rights as a student and the resources available to you to resolve
