The Curriculum Review Committee of the Faculty

Dear Members:

I am pleased to inform you that the Curriculum Review Committee has approved the proposed changes to the Bachelor of Science in Business Administration program.

The proposed changes include the addition of a new course, BUSA 300, and the deletion of BUSA 200. The rationale for these changes is provided below.

The addition of BUSA 300 is necessary to provide students with a more comprehensive understanding of business administration. The deletion of BUSA 200 is necessary to streamline the program and reduce the number of credits required for graduation.

The proposed changes have been reviewed and approved by the Curriculum Review Committee. I am confident that these changes will enhance the quality of the program and provide students with a more rigorous and relevant education.
