13. POSITIVE AND NEGATIVE IMPACTS

Please specify **positive and negative** impacts on other courses, programs and departments resulting from the proposed action.

JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you ask for a change in # of credits, explain why; are you increasing the amount of material covered in the class? If you drop a prerequisite, is it because the material is covered elsewhere?

performance required on part of students earning graduate credit. Use as much space as needed to fully justify the proposed change and explain what has been done to ensure that the quality of the course is not compromised as a result.

Fwd: THR 347 Lighting Design, dropping Journalism Cross list

Will this work for you Jayne? Thanks for your help. - Breehan	Breehan Yauney <boyauney@alaska.edu> To: Jayne Harvie <jbharvie@alaska.edu></jbharvie@alaska.edu></boyauney@alaska.edu>	Wed, Oct 17, 2012 at 8:18 AN

Lighting Design I - TUR 347

Kade Mendelowitz

Theatre 347. 3 Credits. University of Alaska Fairbanks.

Office Hours, Tuesdays 1.00 - 1.45 or by appointment. Office, 223 (by KUAC) or in the shop. Office Phone, 907-474-7638. Fax 907-474-7048 E-mail. K/Nendelowitz@Alaska.edu

Course Description.

The exploration and application of elements of design (color. texture. intensity. line. composition) as they relate to lighting for theatre, dance, and life. Production work required. 3 Credits.

Prerequisites.

Comm 131X or 141X

Student must be able to see details from a distance, have good color differentiation skills, and be able to draft (you will be taught how to draft in this course, but student must be physically able to do so).

Suggested. although not required: TUR 241 "Basic Stagecraft" and TUR 247 "Introduction to Theatrical Design".

Course Goals:

Students will learn how to successfully light a show so that the actors will be seen by the audience in a way that meets the general mood and style of the production's design.

Student Learning Outcomes.

Theatre, and why a designer would choose one over the other.

- Learn how to hang and focus an instrument safely.
- Learn the basics of power distribution. and how to use electricity safely within the theatrical environment.
- How to read and draft a lightplot.

A root mo	a canint	ENAMA.	liabtio.c.	400100000	marchantle

- Drafting tape (or weak masking tape).
- Drafting Vellum (24° or 36° roll or 18°X24° & 24°X36° sheets as needed).
- 1/2" Lighting Template
- Ames lettering guide
- //ay be needed. 'T' Square (at least 24' 36' recommended).

Grade Breakdown

Note: If you are taking this course to be applied as a Major requirement. or to satisfy the "Oral Intensive" core requirement (which most of you are) any grade under a "C" will not meet the minimum requirement for the Major...and you will need to retake the course.

Plazes to the House to achieve hatter there a " ~ "

Lighting Analysis and Discussion of ideas (Oral presentation)	20%
Additional participation bonus	5%
Crew Participation (7 Hours Scale)	5%
Drafting Assignment II	10%
First Project (Case 457)	20%
Second Project (A Night for Conversation)	25%
Midterm Examination	15%

Course Policies.

Class Attendance and Participation is essential to this course. Much of what you will learn will come from our discussions of classwork as well as the productions and

them out A.S.A.P. before your final grade is effected. When we do lighting demonstrations in class, it is hard to get classmates to explain what was covered. To that end - all absences above 3 will effect your grade one store (on B to B.)
