D. ESTIMATED IMPACT

WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.

The changes proposed for the Bachelor of Science in Fisheries Science will have no impact on budget, facilities/space, faculty, etc., in SFOS. FISH 411 could see a slight decline in enrollment if students opt for GEOG 312, SOC 440, and MSL elective courses and those courses could see a slight increase in enrollment (2-4 students per year maximum). For other departments, we have recommended alternative courses that are also within the same program.
