**A. CHANGE IN DEGREE REQUIREMENTS: (Brief statement of program/degree changes and objectives)**

The changes to the Art Minor are primarily to add flexibility to the program. We presently have a series of narrow menu choices that exclude many of our course offerings and present a rather rigid set of requirements.

Coordinated with this degree change information are additional major and minor course change forms (in addition to last Spring 2013's approved Minor Change Form in which ART 161's title was changed to add the term Digital to become "Two-Dimensional Digital Design."). These changes add a 200-level course, modify the content and name of a 300-level course, and change the name of a 400-level course. These three requests are summarized below:

- 1) Add New Course: Art F271 – *Beginning Computer Art* – 3 credits

--

3. Complete one of the following:\*  
 ART F201--Beginning Ceramics--3 credits  
 ART F211--Beginning Sculpture--3 credits  
 ART F268--Beginning Native Art Studio--3 credits
4. Complete one of the following:\*  
 ART F207--Beginning Printmaking--3 credits  
 ART F209--Beginning Metalsmithing and Jewelry--3 credits  
 ART F213--Beginning Painting (Acrylic or Oil)--3 credits  
 ART F3710--Digital Photography and Pixel Painting--3 credits
5. Minimum credits required--18 credits

\* Students must earn a C- grade or better in each course.

Note: A minor in art for the BA or BS degree is available only to non-art majors.

**D. ESTIMATED IMPACT**

*WHAT IMPACT, IF ANY, WILL THIS HAVE ON BUDGET, FACILITIES/SPACE, FACULTY, ETC.*

We do not foresee significant changes in studio or classroom space, budget or faculty workload demands since we are not changing any specific course offerings. There could be increased enrollment in any given Art Department course and increased enrollment overall due an increasing number of Art minors.

**E. IMPACTS ON PROGRAMS/DEPTS:**

*What programs/departments will be affected by this proposed action?*

*Include information on the Programs/Departments contacted (e.g., email, memo)*

The photography courses are cross-listed with courses in the Journalism Department. Upper-division computer art courses are cross-listed with Journalism and Film/Theater. Courses in these areas would likely see enrollment increases as students can now choose any 9 credits of Art Electives to add to their already-required 9 credits. This change benefits these departments. They have been notified.
