on small animals.

3. Develop adequate psychomotor skills and knowledge of proper instrument handling as

- Plagiarism:

Plagiarism is the overt or covert use of other people's work or ideas without acknowledgment.

Blackboard. Grading will be based on successful completion of task list and participation in

videotaping sessions.

Small Animal Handling Activities:

The goal of this laboratory is to provide the student with the opportunity to practice

and appropriate restraint of small animals. Grading will be based on successful completion of task list.

Trigger Point Palpation:

This session will give students an opportunity to practice locating trigger points and use the "dry needle" technique. The department will need to schedule two small animals for this

13. Disability Services:

All students, including those with disabilities, are welcome in this course, and we are committed to providing equal access to this course for all students. If you have a disability (including learning disabilities) please inform us during the first week of class so that we can accommodate your specific needs. If you have not already done so, you will also need to

contact UAF's Office of Disabilities Services (474-7043). Everyone should have the opportunity to participate fully in the course and to complete assignments and exams to the best of their

ability. If accommodations are needed to enable you to do so, we will gladly work with you to provide them.
