GEOS F185--Geological Research

GEOS F186--Geological Outreach

GEOG F301--Geomorphology--3 credits

Geospatial Sciences

GEOS F222--Fundamentals of Geospatial Sciences--3 credits

of the General Education Requirements, complete GEOG F101 (3) and GEOG F101 (3)
or complete the following:

GEOG F101—Expedition Earth: Introduction to Physical Geography

GEOG F101—Physical Geography, 3 credits

GEOG F101—

1. Complete the requirements for a minor in Geography (3 credits)
2. Complete the requirements for a minor in Environmental Studies (3 credits)
3. Complete the requirements for a minor in Urban Studies (3 credits)

total

JUSTIFICATION FOR ACTION REQUESTED

...development and ... with curriculum committees is to formalize program/desired change
... make sure the ... AF education is not lower ...

... 223 and ... 403 are ... offered; we have ... and replaced them with ...
... course ...

... who do not have a dedicated Earth Science

... study with Drs. ... (Geosciences) at ...

... teacher. The internship will be set up as an individual

... with ...
... for teachers, visit classrooms, and work with students prior to starting the

... schedule the internships with men
... internships ...

... Earth Science instruction.
