Discussion:

- a. Current catalogue language:

Students admitted in pre-major standing have not met the admission requirements for bachelor's degrees but are intending to major in a bachelor's degree. As a bachelor's-intended student, you will generally work with advisors in the Academic Advising Center, Rural Student Services or a community campus, but it is helpful to also contact the department of your intended major. Because not all requirements for immediate admittance to a bachelor's degree will have been met, pre-major students will work with an academic advisor to determine the best selection of courses to pursue.
