### FIRE 220 Principals of Fire and Emergency Services Safety and Health Course Syllabus 3.0 Credits

### **Description:**

This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural, and behavior change throughout the emergency services. This interactive course will examine current issues in emergency services including close calls, near misses and line of duty deaths.

Letter Grades for the course will be determined as follows and will reflect the grading system and
grade point average computation policy stated in the current UAF course catalog:

A	100-90%
B	89-80%
C	79-70%
D	69-60%
F	Below 60%

### **Policies:**

Late work will be accepted up to five (5) days after the due date with a penalty of one full letter grade.

Paggarah Dansu

Students will write a five page report on the assigned subject using MLA format. No work may be

submitted for two courses without explicit approval of both instructors. (See UAF Honor Code) A list of sources cited must be included for all reference material used.

### **UAF Honor Code:**

The public holds emergency services personnel accountable to the highest standards of ethics. The credibility of our degree program requires that we meet those expectations in every way possible. As a UAF student, you are subject to the Honor Code. The University assumes that the integrity of each student and the student had to see whale will be unfall. Hence the second in the student had to see whale will be unfall.

# **Disabilities Services:** insures the UAF students have equal access to the campus and course materials. Your instructor will work with the Office of Disabilities Services (203 WHIT, 474-7043) to provide reasonable
