RE: Proposed Emergency Revisions to R04.07.110 Layoff, Recall and Release; & R04.08.060.G

This is in response to your February 17, 2015 memo regarding the proposed revisions to R04.07.110 and R04.08.060.G. I appreciate the thorough review and professional response by Staff Alliance especially in light of the expedited timeline. Following is a brief summary of the changes that were made based on the comments you provided. The subsection references are to the revised version of the re-draft which is attached.

In subsection C, Selection for Layoffs, length of service is one of several factors considered in selecting individual employees for layoff. It does not create a seniority system. Since selection for layoff is not based on seniority, the regulation leaves open the possibility that either an employee with longer service in the unit, or an employee with longer overall university service, could be selected for layoff, depending on the other factors listed.
